

OKITE®
SURFACES

CATALOGUE 2025

Express your personality with OKITE®.

OKITE® stands as the benchmark for those seeking sophisticated, high-quality solutions in the field of furnishing surfaces. With a distinctive focus on timeless elegance, impeccable functionality, and a constant commitment to innovation, OKITE® positions itself at the forefront of the market, offering a wide range of premium materials and tailored consulting services.

Our surfaces are the result of a meticulous research and development process, combining artisanal tradition with cutting-edge technology to deliver unparalleled results. From kitchen countertops to bathroom surfaces, from floor and wall coverings to custom-made furnishing elements, every OKITE® product is designed to meet the most refined aesthetic preferences and the most demanding functional requirements.

OKITE®

1926 Crema Botticino

Every project is an opportunity to create something truly extraordinary. By combining our passion for innovation with a deep understanding of our clients' needs, we are ready to transform your visions into reality. Discover the unlimited potential of OKITE surfaces and be inspired to create spaces that are extraordinarily beautiful and functional.

We are constantly committed to offering innovative solutions that enhance the environments where they are installed. For those seeking ultimate elegance

in their home spaces, we offer countertops and claddings with a captivating material effect.

Our OKITE® slabs are NSF certified, ensuring the highest international standards of food safety for surfaces used as worktops and countertops. These features are complemented by the

extensive technical performance of our product.

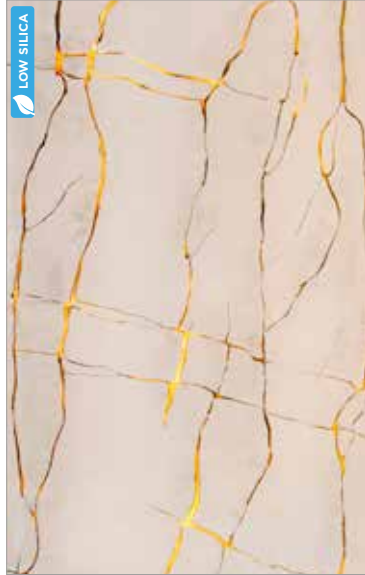

OKITE® surfaces are designed to resist stains, impacts, and scratches, are easy to sanitize, and are highly durable over time. Choose OKITE® for an unbeatable combination of performance, beauty, and reliability.

Every project, a
success story with
OKITE®!
